Acceptance of import and transfer

Fictional case data and worked reasoning

KI15 · Delivered 4.1. Explanation and Instructions belong to 4.0. Even complete new documents do not bear re-release if the role is to be re-examined due to its own brand.

Test point	Purpose or comparison	Observation	Decision
Importer declaration and guidance on 4.1	Calling Documents 4.0 Locked		
Dealer Corrected documents and verification	4.1 consistently occupied handover verifiable		
Negative test vendor role confirmed by brand	New dealer brand on offer		Role open

Expected result

A transfer or blocking file with version-accurate evidence, case-related role check and rematch.

Detect delivery identifier and market role

Check the content of documents per role

Release post-delivery and re-rolling

Acceptance of import and transfer

For your observation, specify a findable document.

Compare delivery, explanation and instructions per system level. Hold the proof of your own role before the delivery reaches the next market step.

Verification identification, legal entity and date of processing and responsible body

Suppliers, importers, distributors and test objects

Version receipt of the delivery

Versions of explanation and instructions for use

Own statutory audit and documentary status

Release lock and receiver of the feedback

Acceptance of import and transfer

Refer remedial and post-test to the original test order.

Findings and supporting evidence

Sub-delivery and comparison of the brand role

Tested follow-up test with date, observation and version documentation

Release or open test order

Release by and on the open order and date
